MINIMUM 5 PSI

WATER USAGE
10-30 GPM

There is nothing better than playing in the rain right? Well now you can do it all day long. Our custom splashpads are capable of giving you that feeling every day! We love these RAIN SHOWERS and you will too. They come in a large variety of colors and in sizes so don't think we can't make it for you, because we can. Our Rain Showers are one of the most real to life water play features that we manufacture. Most of the time, we will catch kids standing under these with their mouth open, just as if it were really raining.
